

Saturday September 3<sup>rd</sup>, 9:00 AM

Planned for the day:

- Track work on track #5 switch and Colorado #8 crossing.
- Work on Boreas Pass / Denver switch.
- Work on track #10 / #11 at turntable.
- Possible work on Boreas Pass main.
- Additionally, work in Roundhouse to reorganize for locomotive workshop.

Lunch will be provided for participating volunteers

**SAFETY** is always paramount on the Como Campus with respect to all team members. Proper safety work procedures, proper safety apparel, (work boots / safety vest / proper work gloves), safety apparel is available.

Of note: Needed is an experienced tour guide for visitors

On Saturday September 17<sup>th</sup> in addition to the work day, there will be an **AUTUMN OPEN HOUSE** for visitors to visit the Como Campus. There will be a restricted area inside the Como Roundhouse work area.

THANK YOU and look forward to seeing everyone.

Tom Lawson
